FACT SHEET

Federal Project No. IM-0A4-1(25/26/29)
State No. 52914/52929/54373

Project Scope

In September 2010 the State of Alaska Department of Transportation and Public Facilities (DOT&PF) finalized the environmental assessment (EA) for the project, selected the preferred alternative, and received a Finding of No Significant Impact (FONSI) for the Parks Highway MP 44-52 Lucus Road to Big Lake Road project from the Federal Highway Administration (FHWA). The FONSI cleared the way for the detailed design of the project to begin. Design funding is available for all phases and construction funding has been secured for Phase 1 & 2.

Phase 1, Lucus Road to Church Road, is under construction.

Go to www.alaskanavigator.org for information on construction.

Phase 2, Church Road to Pittman Road. Design and right-of-way acquisition is underway with construction schedule to begin in the summer of 2015. The preferred alternative is a 4-lane section with a depressed median with limited

access and several new frontage roads.

Phase 3, Pittman Road to Big Lake Road. Design work continues. Right of way acquisition will begin in the summer of 2015 pending FHWA approval to Appraise and Acquire.
